

Accessibility

There is ample parking around the church for those who are unable to walk far.

We have ramped access to the main church building and the church hall so both are accessible for wheelchair users and those who cannot manage steps. Our seating is moveable so a wheelchair can easily be positioned to suit the user.

We have a toilet which is designed for disabled use in the hall. Currently we do not have this facility in the church but we are working towards providing this.

HEARING LOOP INSTALLED

Switch hearing aid to T-coll

We have a loop system in the church designed to assist those who use hearing aids.
